

# DHANRAJ N

Full Stack Developer (MERN)

Email | GitHub | LinkedIn | Portfolio

## SUMMARY

Enthusiastic Full Stack Developer with hands-on experience in building full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Passionate about creating scalable, user-focused solutions and writing clean, maintainable code. Seeking an entry-level Full Stack Developer role to contribute to real-world web applications.

## EXPERIENCE

### IND-MYS Delegate — International Immersion and Internship Programme (2023)

- Collaborated with international delegates on academic and professional activities.
- Participated in workshops and presentations focused on technology, innovation, and teamwork.
- Strengthened communication, cross-cultural collaboration, and problem-solving skills.

## PROJECTS

### Pixelated Portfolio (Game)

Mini RPG-style interactive portfolio inspired by classic Pokémon games.

- Built interactive navigation and UI logic using React and JavaScript.
- [Live Demo](#) | [Source Code](#)

### Campus App

Campus-focused application designed to manage student-related features.

- Developed core frontend and backend features using MERN fundamentals.

[Source Code](#) (Live demo unavailable)

### Clinic Appointment Application

Web-based system for booking clinic appointments efficiently.

- Implemented appointment booking workflow and backend logic.

[Source Code](#) (Live demo unavailable)

### Tic Tac Toe (Full Stack)

Full-stack Tic Tac Toe game with interactive gameplay logic.

- Developed frontend interaction and backend game logic.

[Live Demo](#) | [Source Code](#)
